Dear Masters, Instructors and students:

It is with great honor for us to be hosting our second ITF International Instructor Course, conducted by the ITF Technical Committee. The IIC will be in **March during the days of 20th, 21st and 22nd of 2009**, so please mark your calendars. We hope for this event to not only increase, and actualize everyone's knowledge in Taekwon-do, but also give everyone the opportunity to visit and get know New York City.

The IIC will be conducted by the ITF technical committee under the direction of Master Hector Marano, Master Pablo Trajemberg and Master Win Bos. We will also be counting with the attendance of Master Tran Trieu Quean, President of the ITF, Grand Master Van Binh, President of the ITF-USA, and several other Masters from various countries.

The IIC is open to all red belts and above and will cover from **Chon-ji to Tong-IL** as well the seminar will be characterized by its new dynamic where the participation of the attendants during the different subjects covered will be highly active, subjects include: The Do, Patterns, Sparring, Self-defense, Theory of Power, Umpire Theory and Qualification for ITF International Instructor (4th degree and higher).

The standardization and unification of the different techniques in our region is necessary. Moreover, the international experience of the ITF technical committee will allow us to expand our ITF knowledge to a higher level. This is an opportunity we should all take a part of.

We would love everyone to take part of this great event; we also recommend your reservations in advance to avoid further delays. Any further information, do not hesitate to contact me at (718) 639 6998, or e-mail rsuarez@qtc-itf.com

Sincerely,

Master Ruben D. Suarez
