May 10, 2020

Dear Parents and Students:

Congratulations again!!!

One more week living this situation that is increasingly confusing. We do not know if the virus, or confinement which we have been forced to live in to prevent its spread, is worse. There are many versions that are heard so that one no knows what to believe any longer. The truth is, all this information is creating confusion and doubt that only feeds anguish and a fear of reality.

At the moment, there is no real solution to the problem. In the meantime, we have to follow life with the greatest precautions possible, trying to survive as best we can and prepare for an uncertain future. We must follow the government's instructions, maintain an atmosphere of faith and hope, and trust that this situation will end soon.

But we must be optimistic! Despite this uncertain future we must continue to maintain our traditions. So, on this special day, we want to wish all mothers the greatest congratulations. May God bless you all and may you continue to be a good example for our children by following courtesy, integrity, perseverance, self-control and indomitable spirit. Wishing that the remaining 364 days are just as special. For you mothers, there are no excuses, there is no pandemic. You work 24/7 without pay and in spite of the ingratitude. Congratulations today and always to the Mothers of TKD, the Mothers of the world! A cyber hug from QTC.

Again, congratulations to all the students who have been participating in the classes regularly. The attendance has increased and the participation in class is improving every day. We have maintained communication, and we believe we are on the right track. It is not easy, but it is not impossible either.

This would have been our last week of virtual class, but we must wait because we understand that our quarantine will be extended until June. We still await notification of the day we will be able to reopen our school and see one another again. For now, to do our part, we continue to follow government decisions while continuing to share our ITF Taekwon-Do with our students and society.

We continue to recommend that all students take the necessary precautions and avoid numerous meetings while maintaining social distance and taking the necessary hygiene measures.

Sincerely,

Grand Master Ruben Suarez
Director, Queens Taekwon-Do Center
